Preaching the whole council.

Dear Joel Baptist,

6/25/12

I am reminded of a passage of scripture, when i think of where we are today. Judges Ch.8:4 " he and the three hundred men that were with him faint, yet pursuing them." It seems the people of God are weary today, finding men and women that are loyal to the cause, has become a chore. As we endeavour to march on, we may be faint at times, we must still pursue. I say unto you men of God, march on my brother for the battle is a tough one, but it's a good one. I know alot of men are having difficult times, I am praying for you all.

The Lord has been good to us these past few months, we have continued to see people saved. In two of our meetings some were saved after they got home, still under conviction, they got born again. I say PRAISE GOD for that. We have been busy since March, we have slowed some in the summer months, a chance to work some around the house. We have been in the States of GA, SC, AL, MS, VA, FL, and Ohio. Pray for us until our next News Letter.

I want to thank you for your concern about Patty, everywhere I go people ask about her health, and I appreciate that very much. Her health is about the same, she still struggles with dizzy spells, and has seizures from time to time, she stays home all the time now. Please continue to pray for her, that the good Lord would touch her, and help her.

We love you all, Until next time,

Bro. Bobby Barnes
