

Jimmy & Nancy Rose

Missionaries to Brazil S.A.

Brazilian Director

April 2012

Dear Praying and Supporting Co-laborers in God's Vineyard,

I am so sorry for not writing sooner but we have been very sick for several months. I had surgery and had several painful and serious complications. I was literally zapped of my strength and had to cancel several meetings, as I was unable to travel.

Thank God that I am better now and able to preach again. I think I would rather go to Heaven if I could not preach and represent and challenge people for Brazil.

Recently, we preached both services to start a mission's conference for Brother Tim Cruse. We had great services even though I was so scared because I had not preached for a couple of months. Last Sunday I preached both services for Brother Bobby Leonard in Monroe, North Carolina. Again, I was nervous and scared, but God in mercy blessed. One little girl was saved in the morning service and on Sunday night the altar was filled with young people telling God they would go anywhere He would lead them.

Please make note that I am now ready and able to hold mission conferences and revival meetings again. Please pray about using us if you feel led to do so. I would also be able to preach any day for you if you would rather have me for a Sunday or Wednesday night service.

I hope it isn't pride but I would rather that a pastor invite me because he feels led than because of a phone call from me. I just want to be useful to the Lord and your people.

Thank you for standing by us with your support and prayers. We have been missionaries of some of you for over fifty years now. God bless you richly.

Please pray that I will be filled with God's Spirit and have the power of God on my life. I also desire a greater compassion and broken heart for souls.

We love you all sincerely,

Jimmy and Nancy Rose
